Bleeding Tissue Paper Trees

One of my most shared projects ever on Facebook, this simple process uses tissue and water to create a very lovely and subtle winter sky.

Coffee Filter Silhouette

Coffee filters are a great alternative to expensive watercolor paper.

Art Trading Card Books

Learn about my new system of making art books from trading card sleeves. My students love sliding their art in the panels and filling up their books. So many applications are possible, including math and reading and science.

Model Magic Projects

Several projects from my most popular afterschool class this year. Miniature cakes on pedestals were a favorite.

Retreat Itinerary

Thursday, July 7th

Guests fly in to the Memphis or drive to Hickory Valley, TN, approx. 60 minutes from the airport. After settling into one of the 10 cozy bedrooms, take a tour with owner Regina Brotherton of the historic house that was once a retreat for the affluent northern business tycoons of the late nineteenth and early twentieth centuries. Meet your fellow artists over your first evening meal in the main dining room.

Friday, July 8th

Begin the day with a buffet breakfast, followed by a morning class taught by Kathy Barbro in the studio barn. Guests will break for lunch, then attend another class. Delta Style afternoon tea and hors d'oeuvres will break up the day until dinner is served in the dining room. Later, swap your favorite art stories over a glass of wine with friends in Regina's cozy living room.

Saturday, July 9th

Spend another day with a prepared breakfast, followed by a morning class, then lunch and and more projects in the afternoon. The final evening meal will be served in the dining room, followed by one last evening enjoying the comforts of Whitney Hill Estates.

Sunday, July 10th

A buffet breakfast will be offered before guests head off to return home.

Note: Due to local ordinances guests must provide their own alcohol. There is a liquor store in Somerville and several in Collierville.
