

Mini Murals for Valentine's Day

Valentine Mural Banner

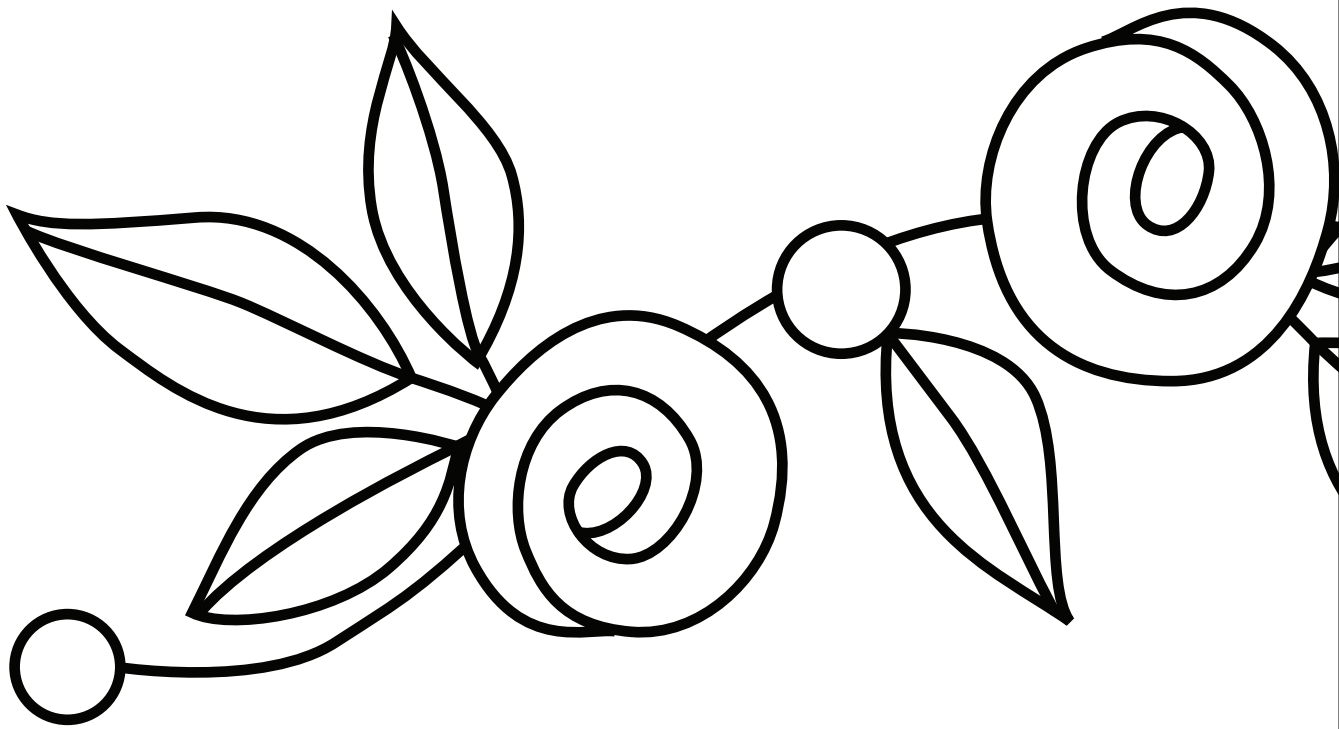

Final size: 40" x 10"

Directions to Assemble Murals

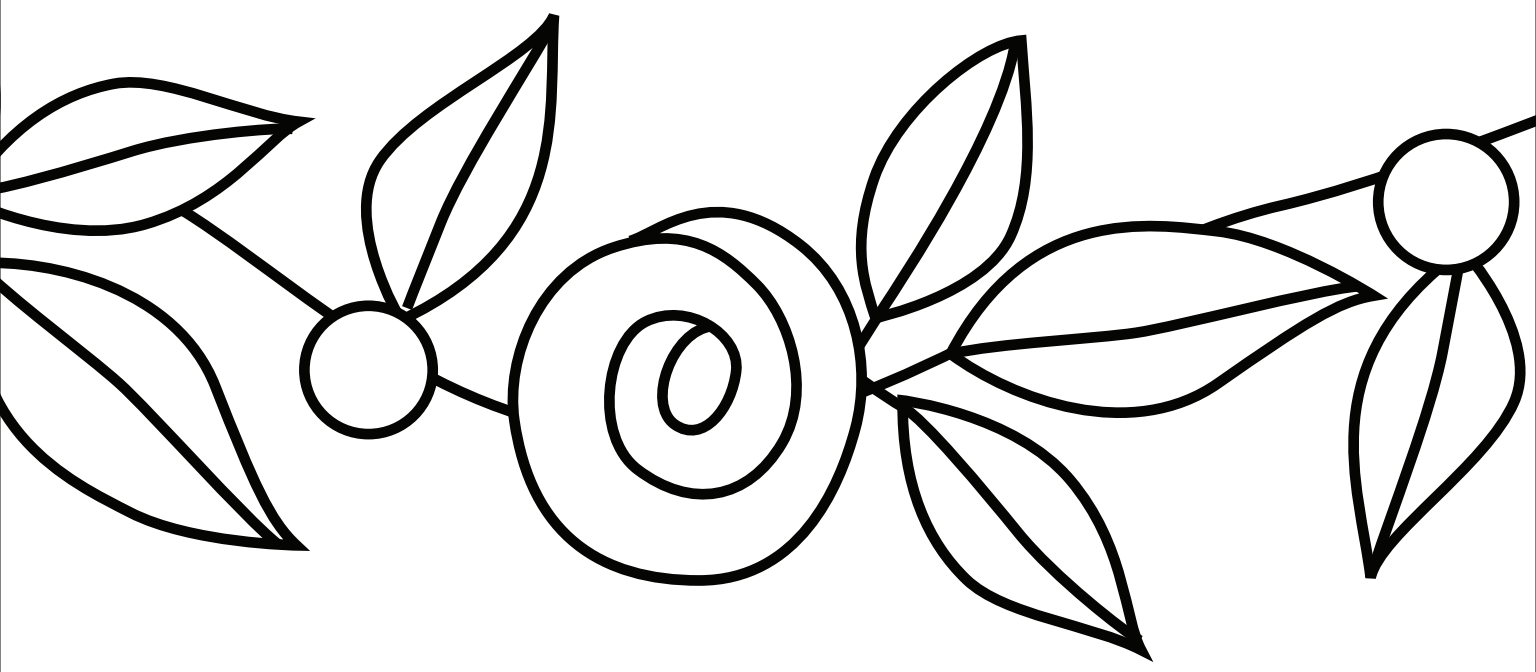

1. Print mural pages on a heavy white paper. I recommend 67 lb. cover stock. **IMPORTANT:** If any lines appear to be missing on your printouts, you may be experiencing a problem that occurs on occasion with IBM versions of Adobe Acrobat. When sending a pdf file to print, the settings page will open. Click on the **ADVANCED** button and check **PRINT AS IMAGE**. This should resolve any problems that you may be experiencing.
2. Trim out each page individually along the cutline as shown. A papercutter works best to maintain clean, square cuts.
3. Before coloring, be sure to copy each page number on the back of each page.
4. Have your students color in the pages. This mural is not a copy of an original, so you may color it in as you wish. See the included Color Key to duplicate my original mural. For best results, I recommend the 24-pack Portfolio® Oil Pastels.
5. Lay out all finished pages face up to check content.
6. Lay out face down. Cover each seam with strong masking tape and display your mural. **NOTE:** Another option is taping the blank murals together first and then coloring them in.
