PREP

Print mural pages 1 - 25 on a heavy white paper.

If any lines appear to be missing on your printouts, you may be experiencing a problem that occurs on occasion with IBM versions of Adobe Acrobat. When sending a pdf file to print, the settings page will open. Click on "ADVANCED" button and check "PRINT AS IMAGE". This should resolve any issues.

- **Trim out each page along the outer black edge.**

A papercutter works best to maintain clean cuts.

- **Copy page number on the back of each paper.**

It will get hidden when students color.

MURAL ASSEMBLY

- 1. Students color each mural page.**

Stabilo Power markers were used for the following Color Guide. You can make a print for students follow or just color randomly and not worry about matching things up.

- 2. Lay out finished pages face up.**

Check content to see all pages are accounted for.

- 3. Lay out finished pages face down.**

Be careful to reverse the page sequence for proper final orientation.

- 4. Tape each seam heavily with masking tape.**
