

How to Draw a Flower

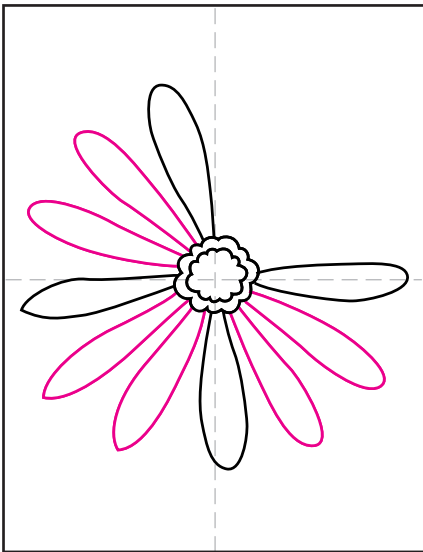

1. Draw a small flower center.

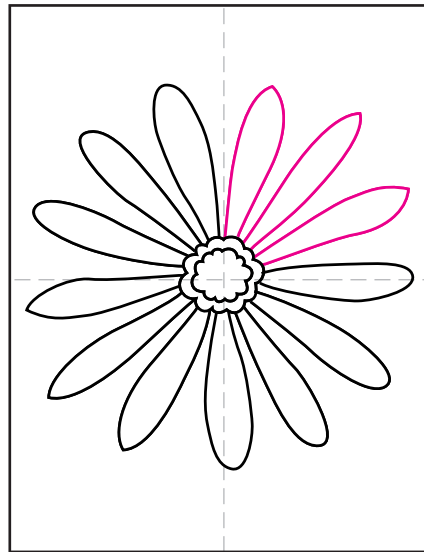

2. Add another flower around it.

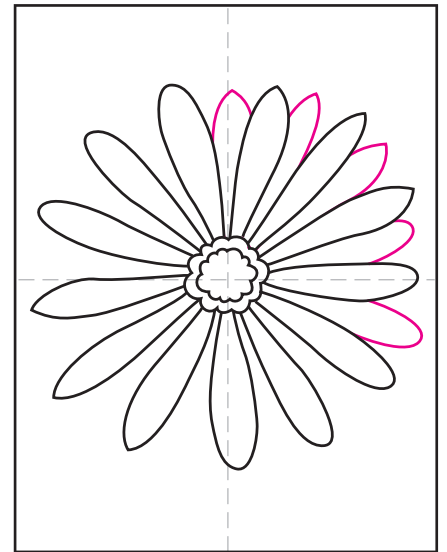

3. Draw four petals a bit off center.

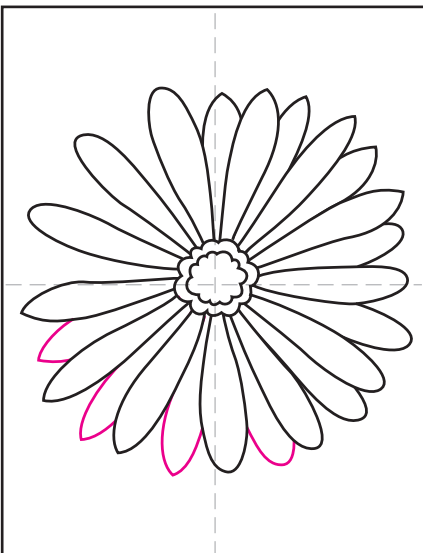

4. Start to fill in with more petals.

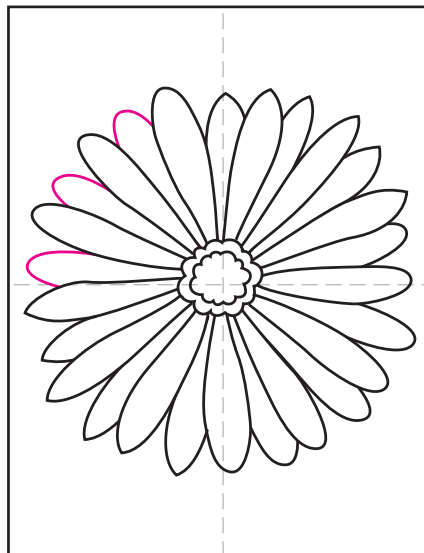

5. Add extra where needed.

6. Start filling in the back petals.

7. Continue, making each a little different.

8. Finish until there are no more gaps.

9. Trace with a marker and color.
