

# Pyramids Tutorial

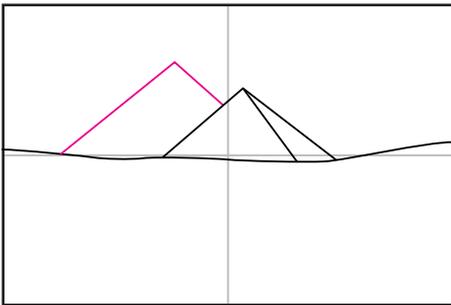

1. Draw a horizontal ground line, with slight curves and dips to it.

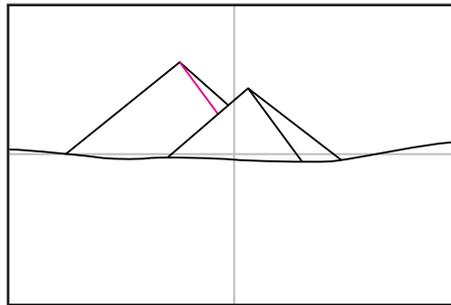

2. Start the smaller pyramid.

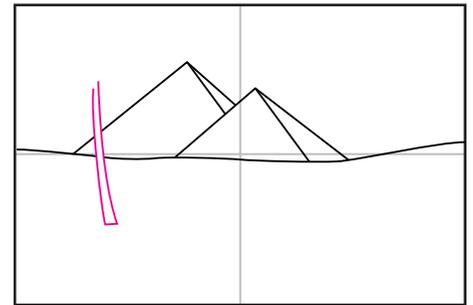

3. Add a line inside to show the two sides.

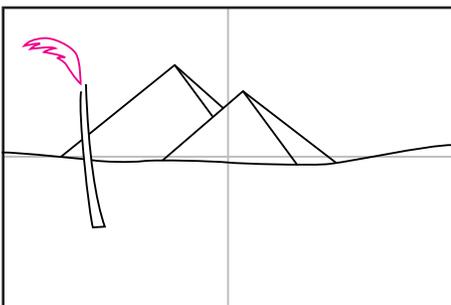

4. Start the back pyramid.

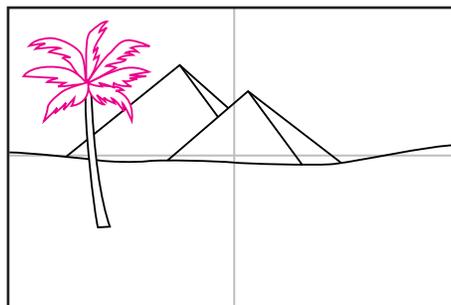

5. Add a line inside to show the two sides.

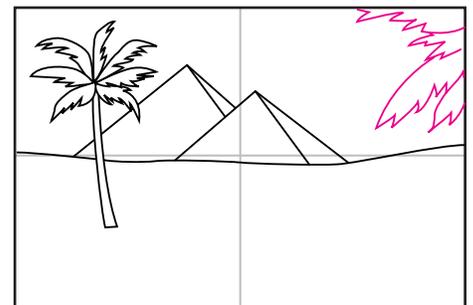

6. Draw the trunk of a palm tree.

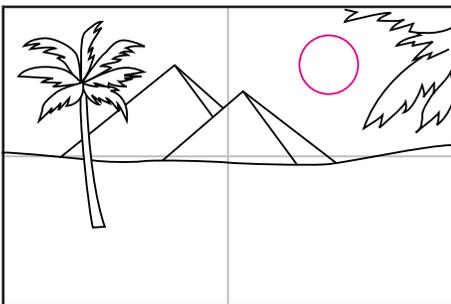

7. Draw palm leaves with zigzag points on just one side.

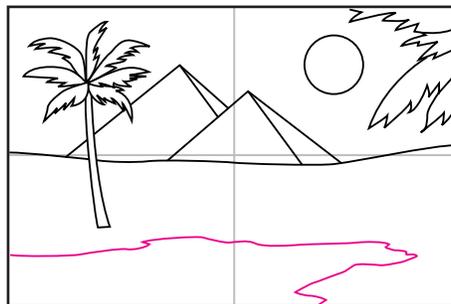

8. Continue drawing leaves until palm tree is full.

9. Add large palm leaves in one corner.

10. Add a circle sun centered in sky.

11. Draw a small lagoon of water.

12. Trace with a black marker. Color with markers. Add another layer of marker to areas you wish to shadow.
