# Earth Day Promo Mural

## Directions to Assemble Mural

1. Print mural pages on a heavy white paper. I recommend 67 lb. cover stock. **IMPORTANT:** If any lines appear to be missing on your printouts, you may be experiencing a problem that occurs on occasion with IBM versions of Adobe Acrobat. When sending a pdf file to print, the settings page will open. Click on the "ADVANCED" button and check "PRINT AS IMAGE." This should resolve any printing issues.
2. Trim out each page along the cutline as shown. A papercutter works best to maintain clean, square cuts.
3. Before coloring, copy each page number on the back of each paper. This will ease assembly of the finished mural.
4. Students complete each mural page as a color by number. My sample was colored with Stabilo markers.
5. Lay out all finished pages face up to check content.
6. Lay out face down. *Be careful to reverse the page sequence for proper orientation.* Cover each seam with masking tape and display your mural.

Measures 24" x 30" when complete
