# Draw a Modigliani-Style Self Portrait

SUPPLIES: 24" x 18" black construction paper, cut to 8" x 18" panels, oil pastels
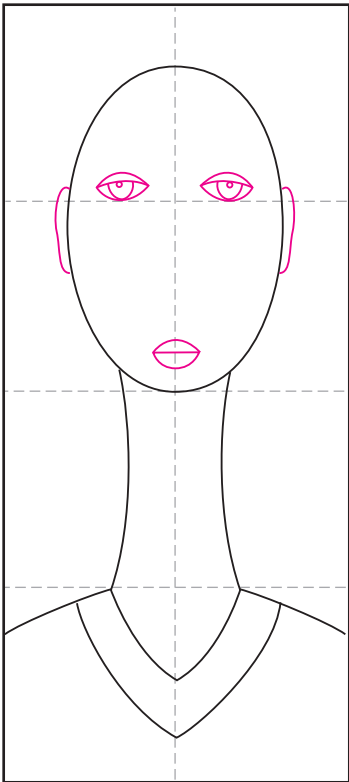

1. Fold paper three times to make grid shown above. Fill top half with an oval.

2. Add a super long neck in the panel below the head.
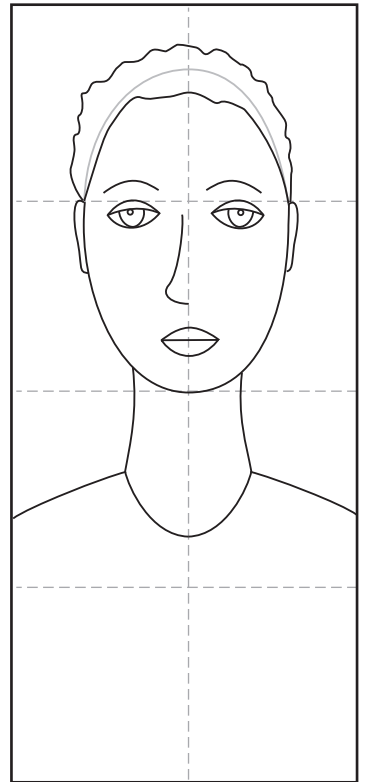

3. Draw a shirt line and shoulders.

4. Add eyes a little higher than normal, a mouth a little lower. Add ears.

5. Draw a nose that is stretched to fill the space. Add hair around the head. Erase top head line.

Hair options: A solution for drawing short and curly hair. Modify to match your own hair style.

Standard face proportions, to compare to Modigliana's.
