

Draw 3D Buildings

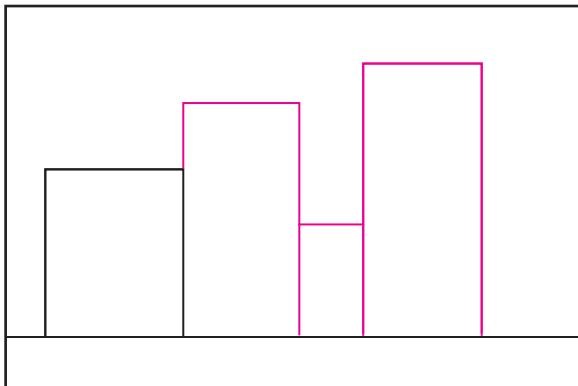

Supplies: Graph paper, black marker, crayons.

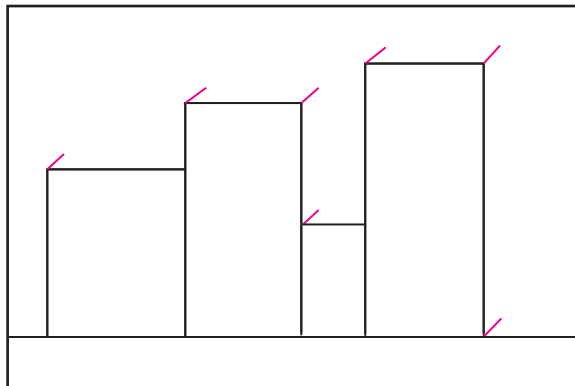

1. Draw a horizon line.

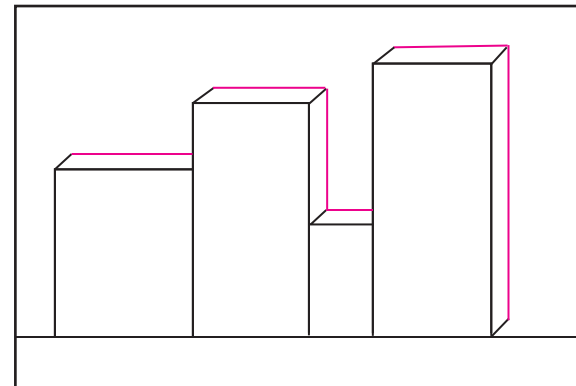

2. Start a series of rectangles.

3. Make sure the rectangles all share sides.

4. Add diagonal lines on the corners shown.

5. Finish backs with horizontal and vertical lines.

6. Add doors and lots of windows.

7. Add setting, as with trees, clouds and sun.

8. Trace, color. Press hard to make shaded sides.
