

Eye of Horus

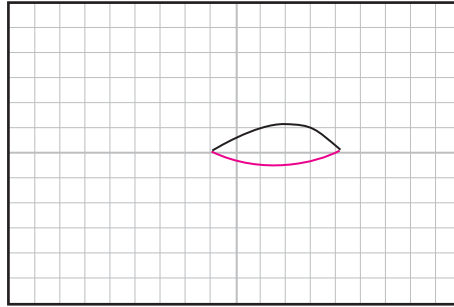

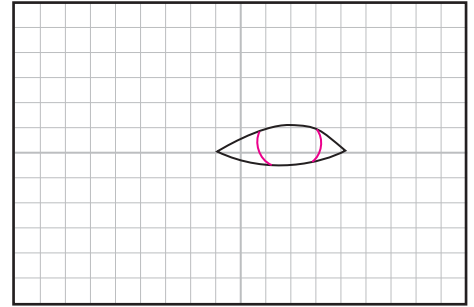

Eye of Horus Tutorial

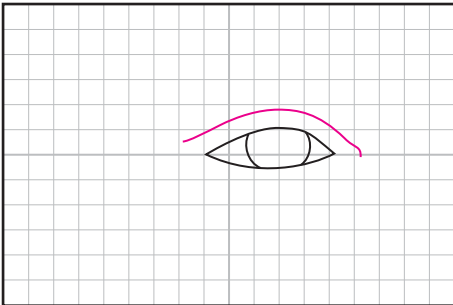

1. Start the top of the eye shape.

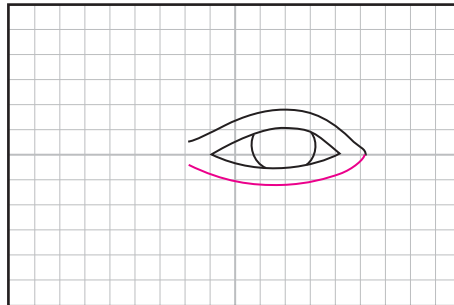

2. Draw the bottom of the eye.

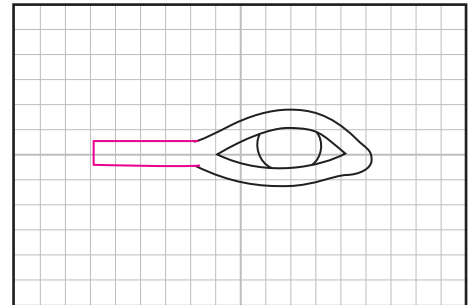

3. Add the lines inside to look like the center circle.

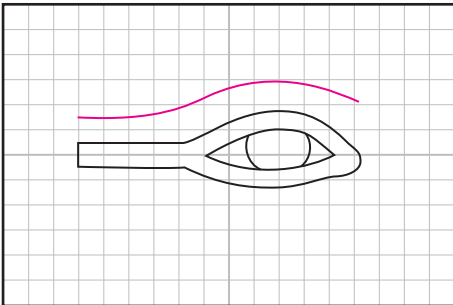

4. Draw the top outline curve.

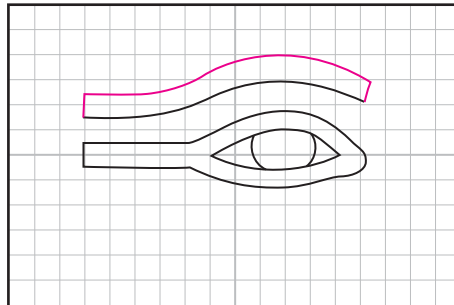

5. Draw the bottom outline curve.

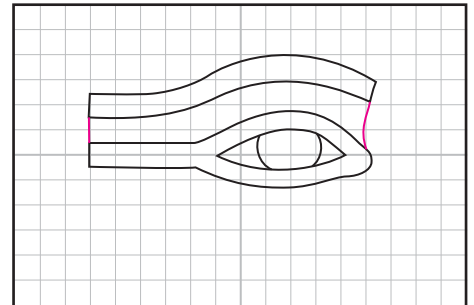

6. Draw the straight lines extending to the side of the eye.

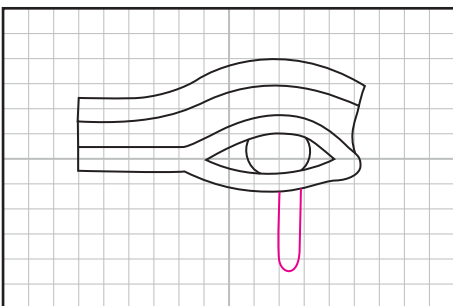

7. Draw a curved line above the eye.

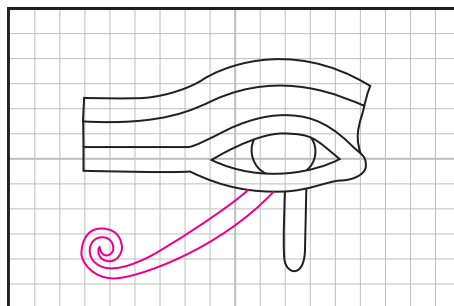

8. Draw another above and connect to make a thick eyebrow.

9. Connect the eye and eyebrow.

10. Draw a stick shape below the eye.

11. Draw a line that goes down and away from the eye, and ends with a swirl.

12. Trace with a black marker. Color with markers. Add another layer of marker to areas you wish to shadow.
