

Notre-Dame Cathedral in Paris, France

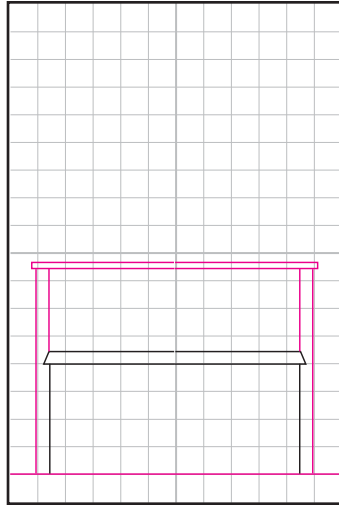

Notre-Dame Cathedral

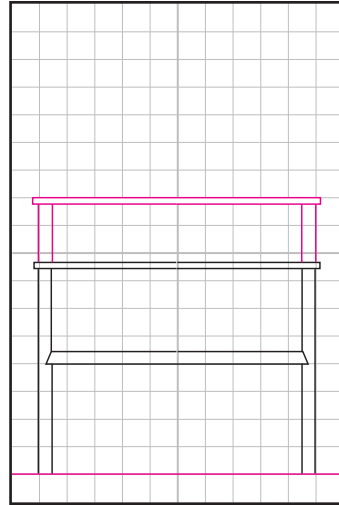

Notre-Dame Cathedral Tutorial

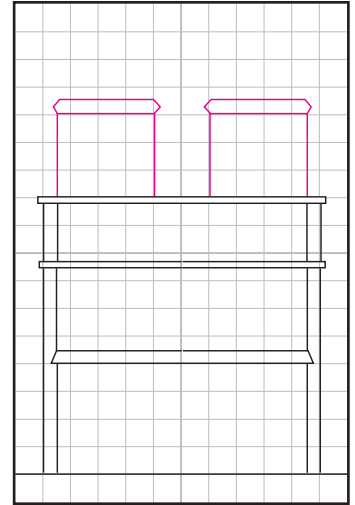

1. Draw the ground line and the bottom floor.

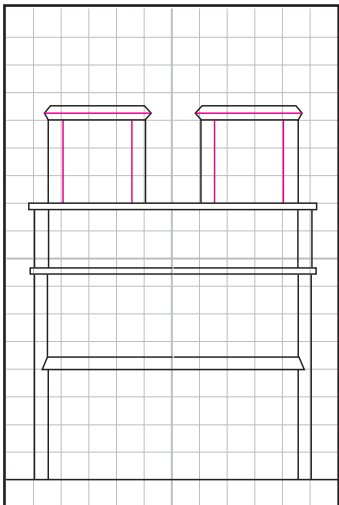

2. Add the second floor. Note that it is a little wider.

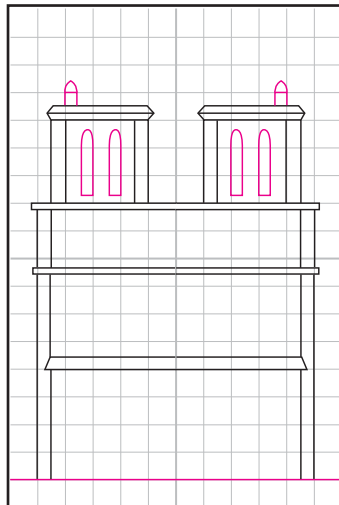

3. Add the third floor right above the second.

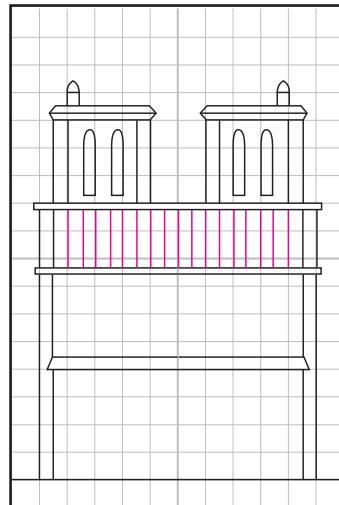

4. Draw the two towers at the top.

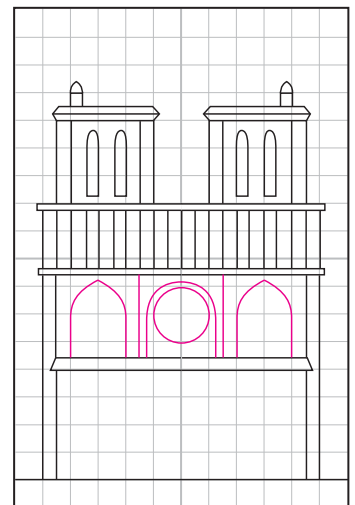

5. Add the lines inside the two towers.

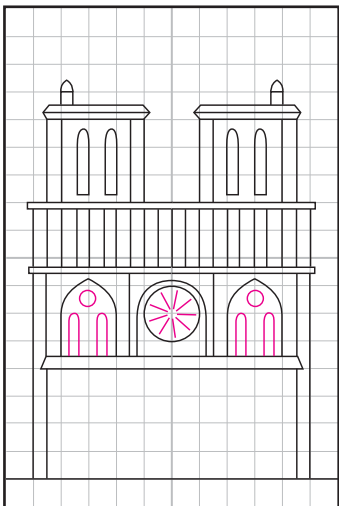

6. Draw the windows inside, and draw the posts on top.

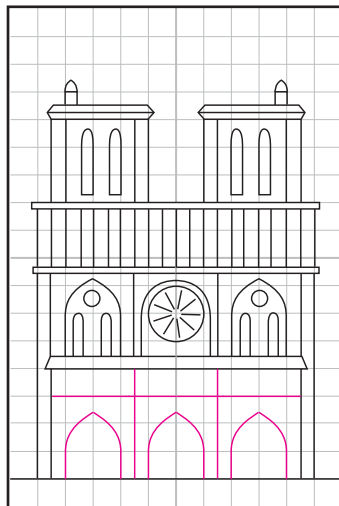

7. Add lines for the railings on the third floor.

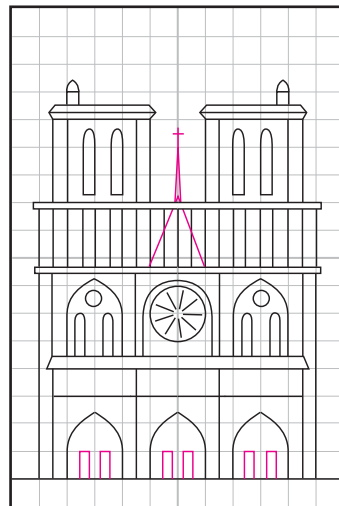

8. Draw the arches and circle window on the second floor.

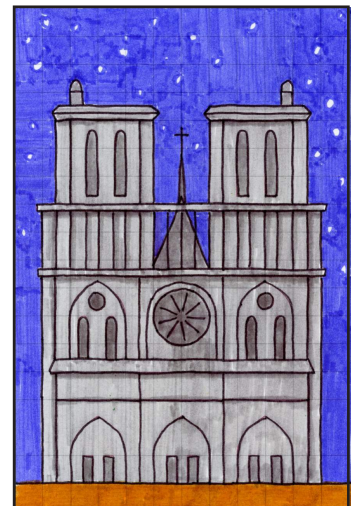

9. Draw the arches and details on the second floor.

10. Draw the arches and lines on the ground floor.

11. Add the doors on the ground floor and the steeple near the top.

12. Trace with a black marker. Fill in with light gray. Add another marker layer for the shadows.
