

Draw a Caterpillar

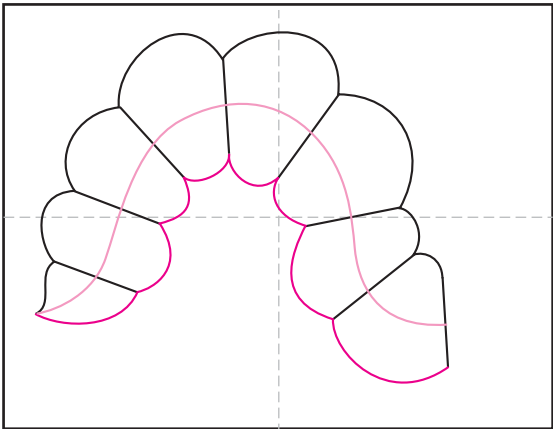

1. Draw the center spine (very lightly).

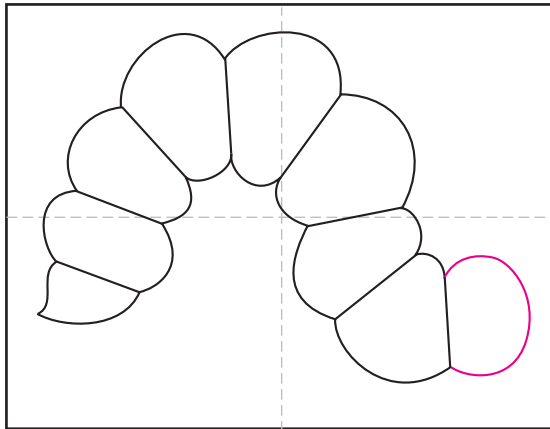

2. Draw eight lines centered on the spine.

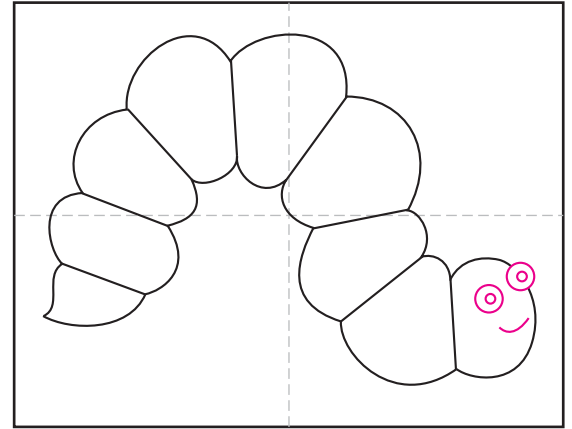

3. Connect the top ends with a curved line.

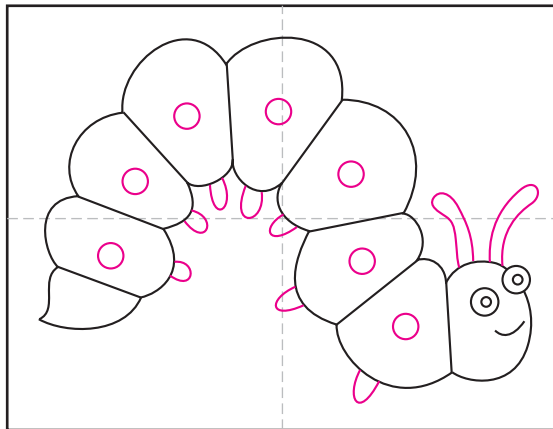

4. Connect the bottom ends with a curved line.

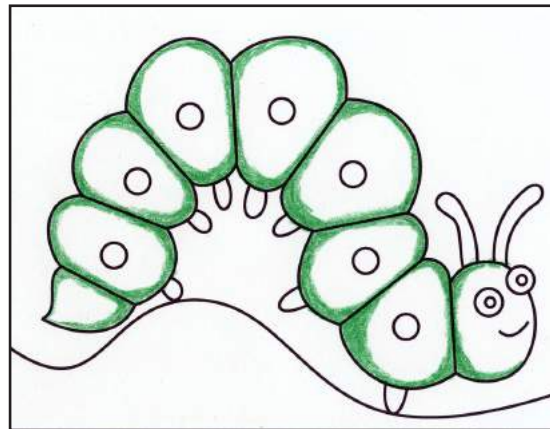

5. Erase the spine line and add the head.

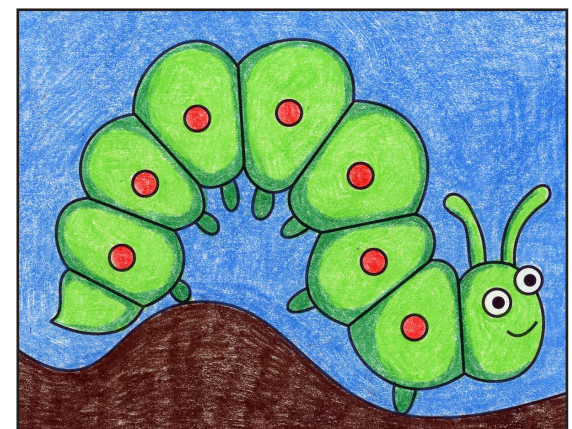

6. Draw eyes and mouth.

7. Add spots, antennae, and lots of feet.

8. Trace with marker, color with dark green.

9. Color the rest of the caterpillar.

Caterpillar
