

# Draw a Nightmare Self Portrait

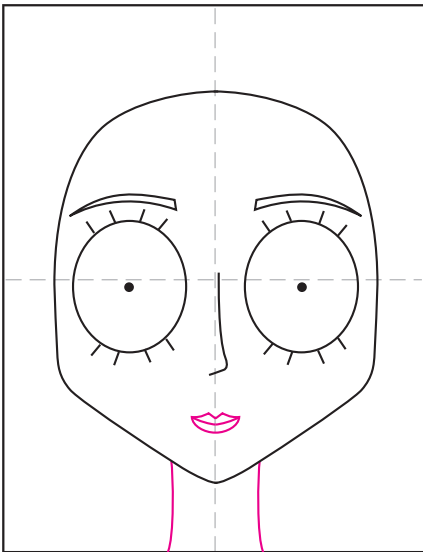

1. Choose your head shape and draw it large. See following page for more ideas.

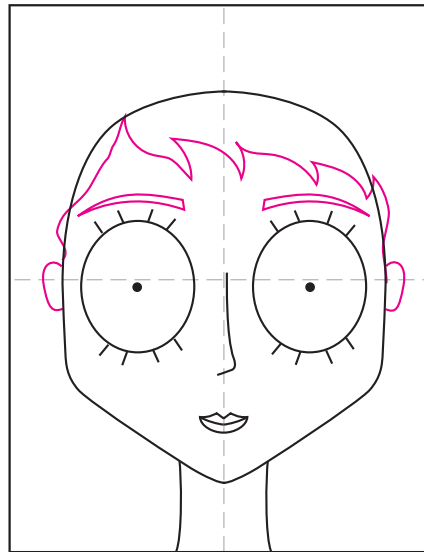

2. Add two very large eyes inside.

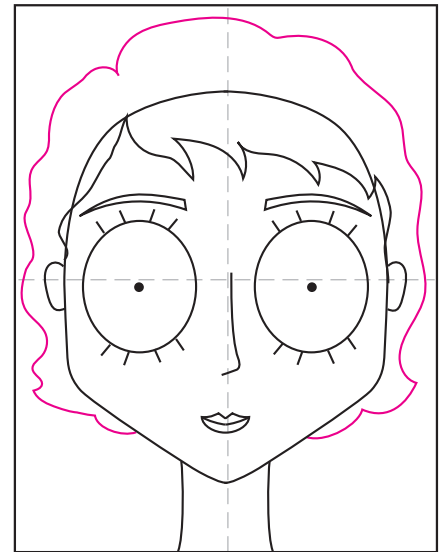

3. Draw tiny pupils, and nose. Lashes are optional.

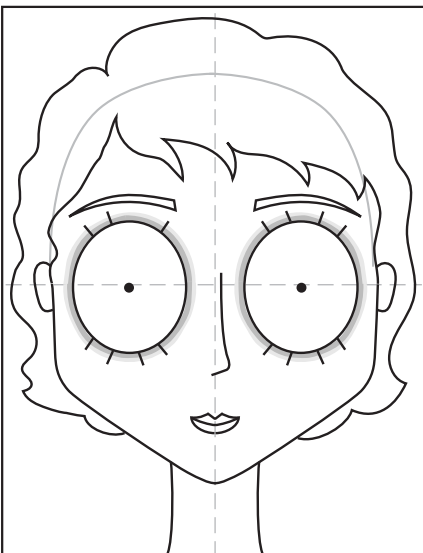

4. Choose a small mouth and add a skinny neck underneath.

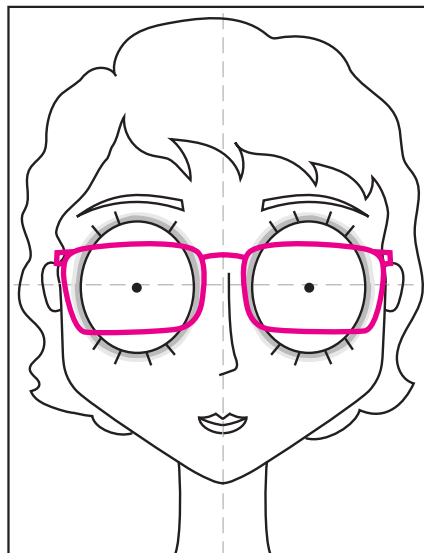

5. Draw brows, ears and start your hair.

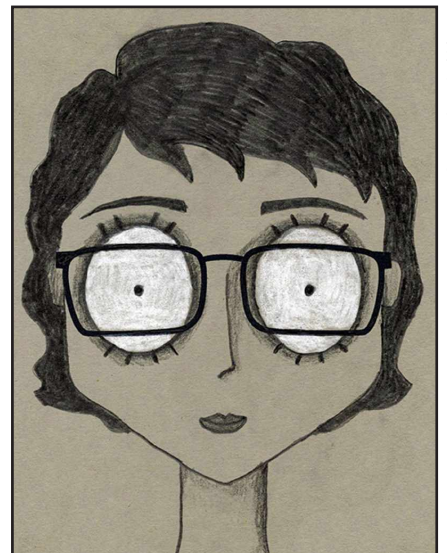

6. Add the outside line of your hair. See the next page for more options.

7. Erase skull line. Trace all with a pencil. Use the side to shade around the eye.

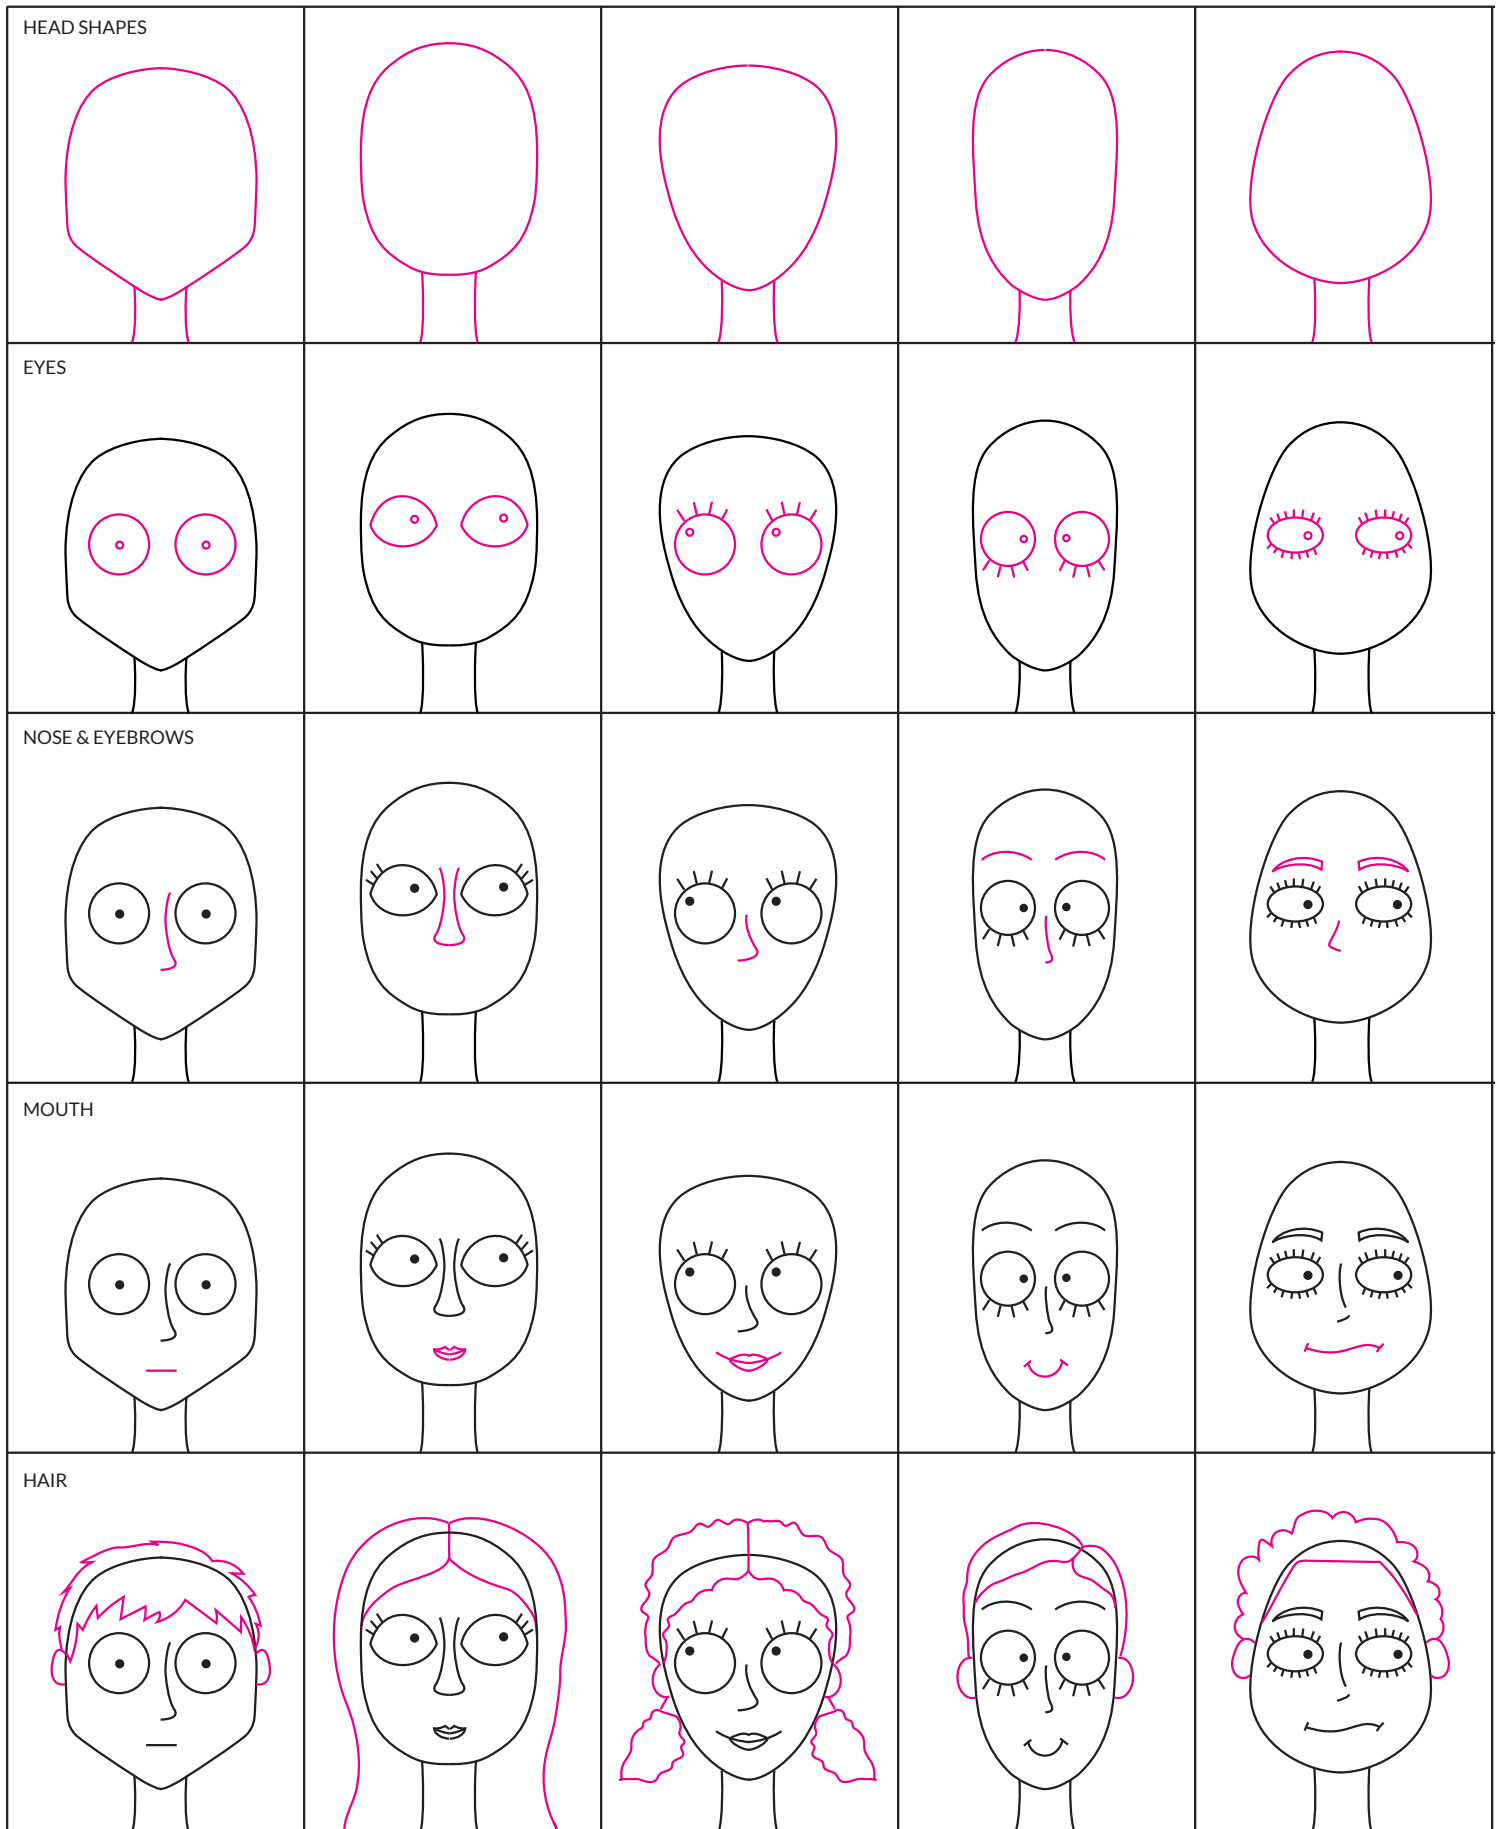

8. Add glasses if you have them, or any other details that make you unique.

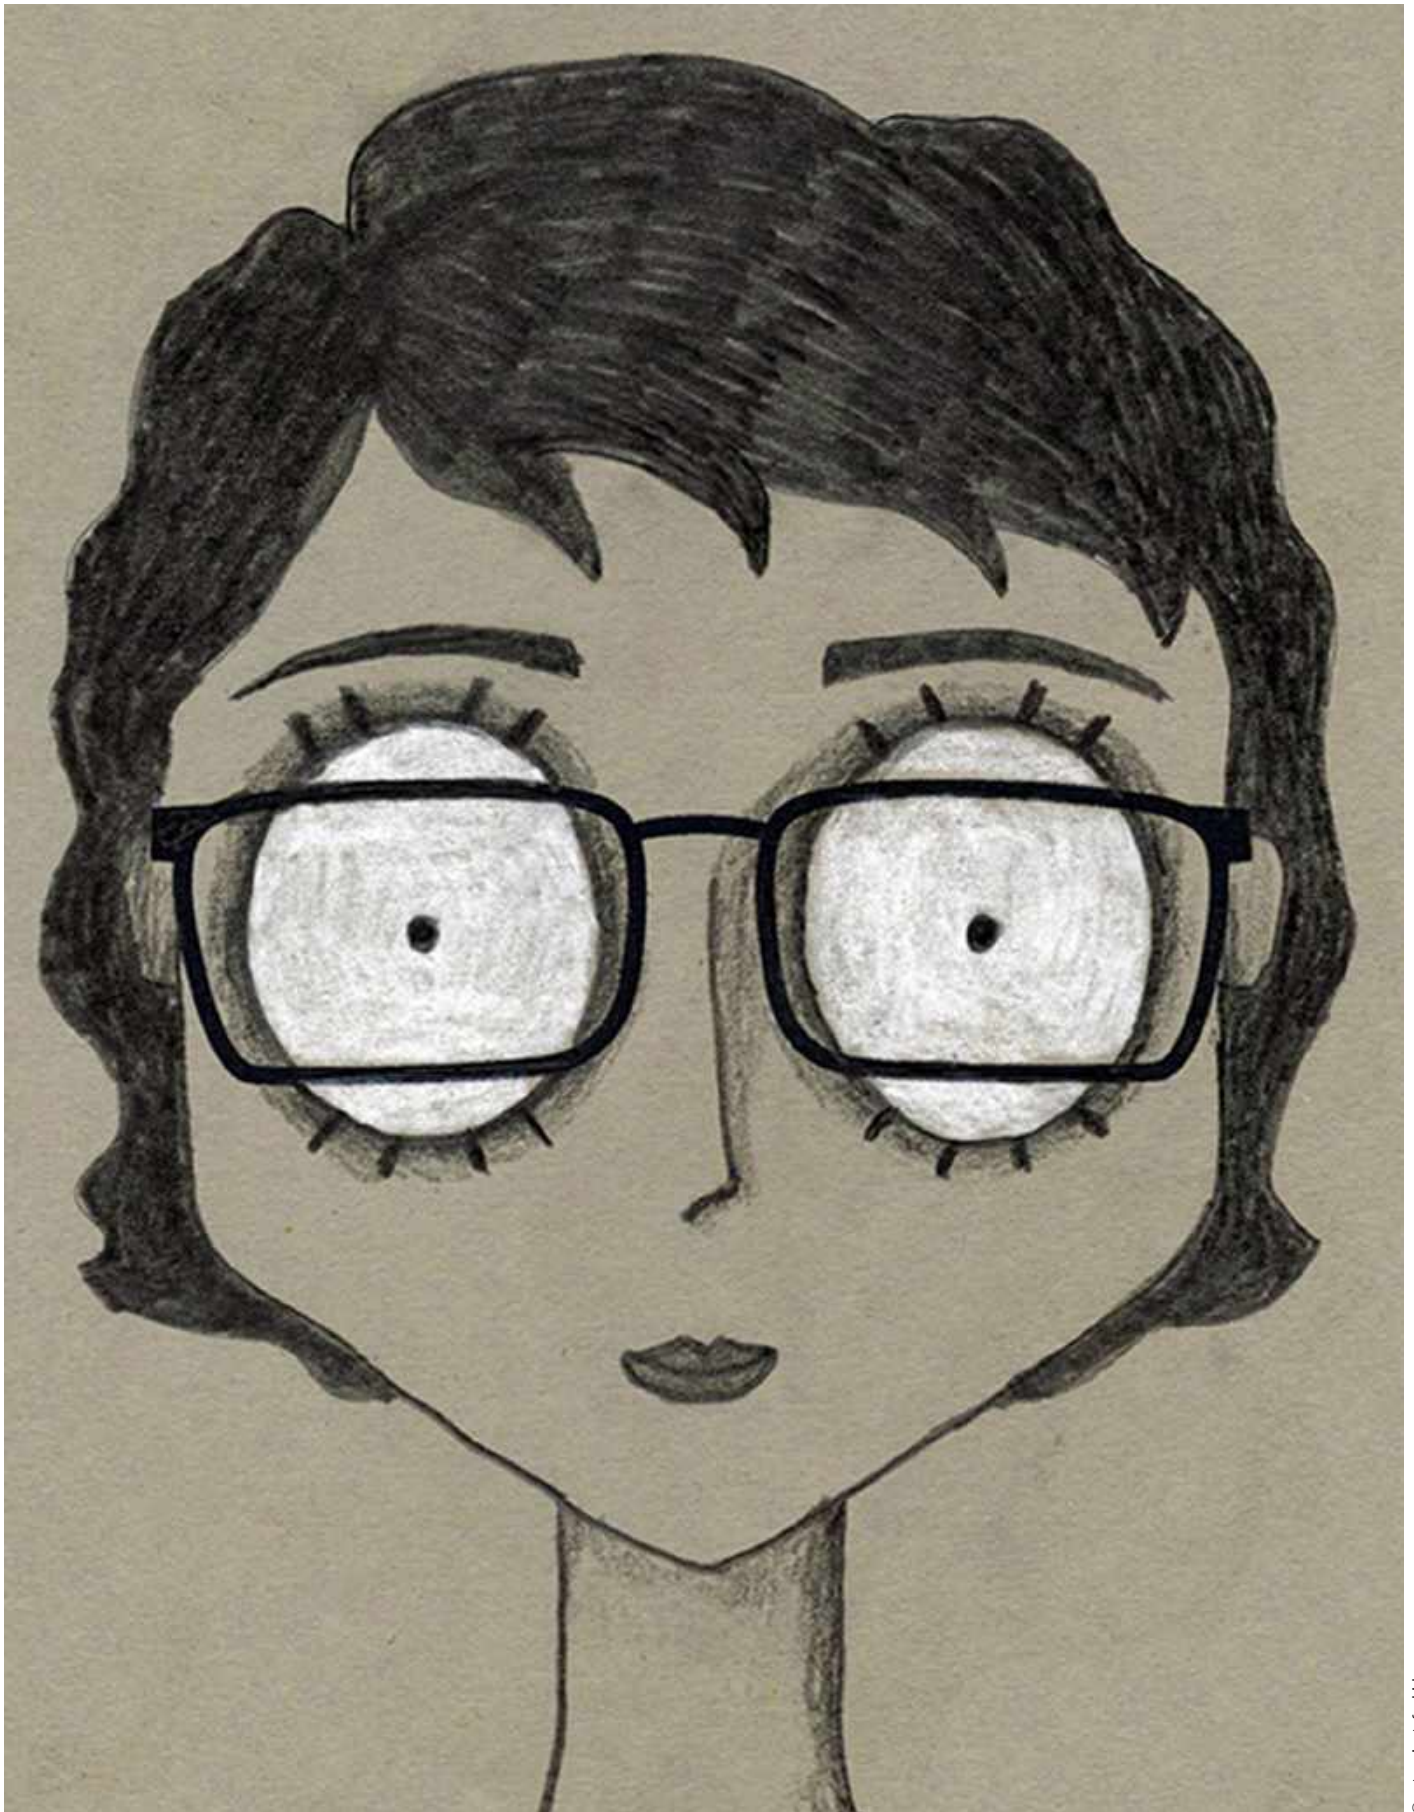

9. Color the eyes with white pencil crayon.
