

How to Draw an Emu

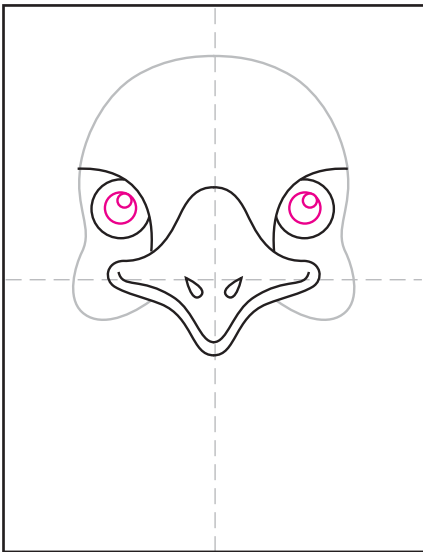

1. Draw a beak shape. Add a mouth line inside and two nostrils.

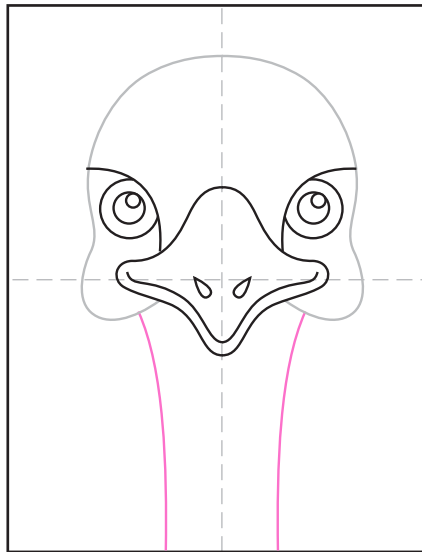

2. LIGHTLY draw the head shape (it will get erased when you are done).

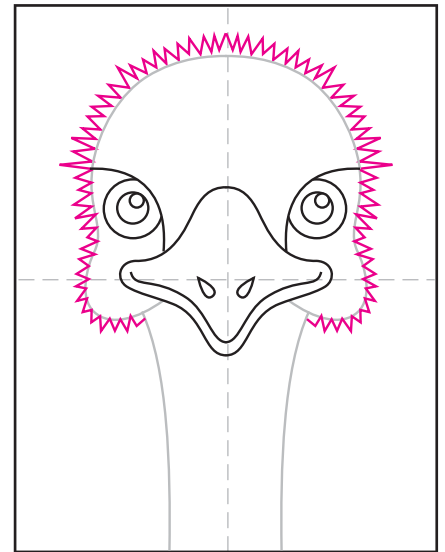

3. Add a brow line and eye circles.

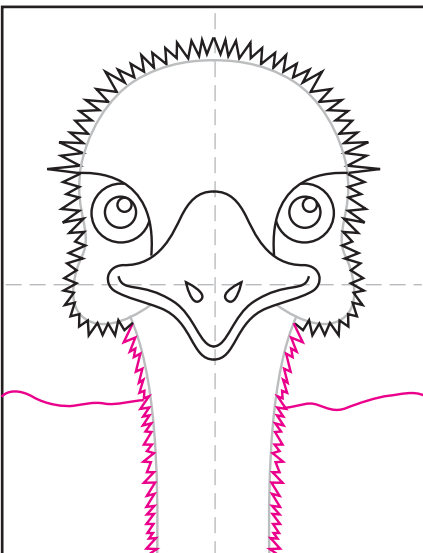

4. Draw pupils and spots inside.

5. LIGHTLY draw the neck line (it will get erased when you are done).

6. Add zig zag lines around the head.

7. Draw a zig zag lines on the neck. Add a horizon line.

8. Trace with a marker. Erase the light lines. Use a gold crayon for the base.

9. Use a black crayon to add zig zag hair-like lines on top of the base color.
