

How to Draw a Taco

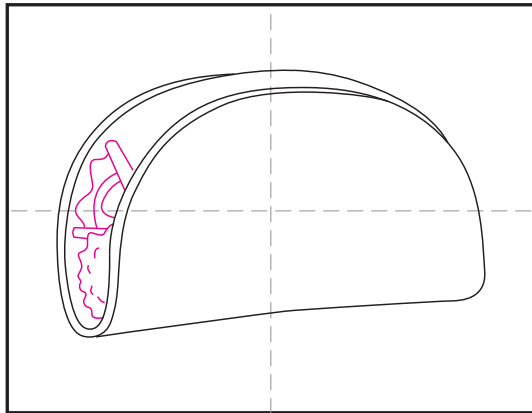

1. Draw one side of the shell.

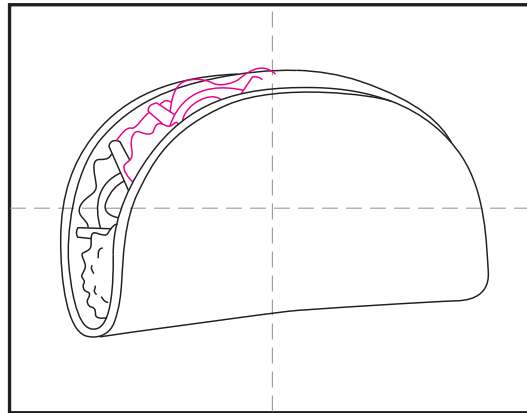

2. Add in the back side of the shell.

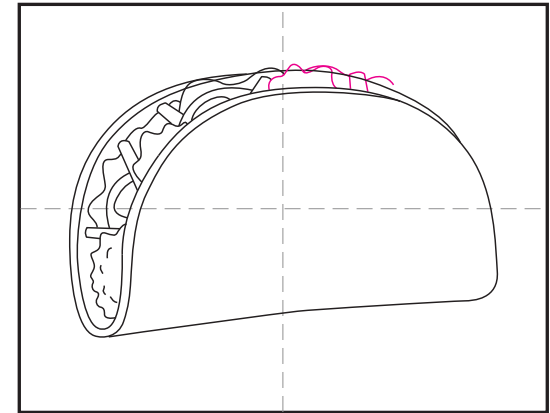

3. Draw edge lines to give it some thickness.

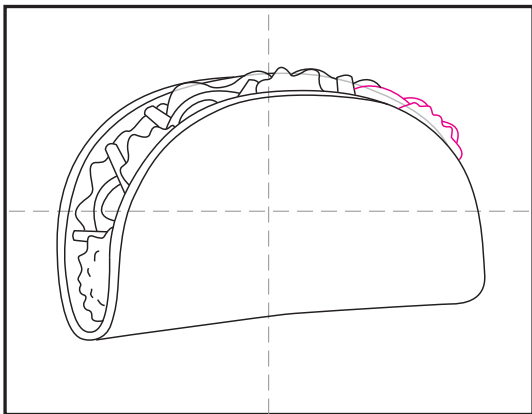

4. Start adding the filling, with beans and lettuce.

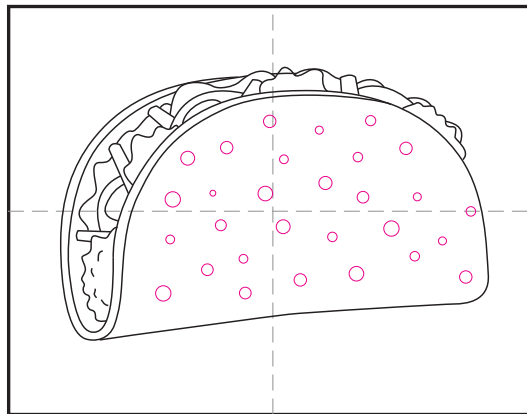

5. Add some tomato shapes and cheese shavings.

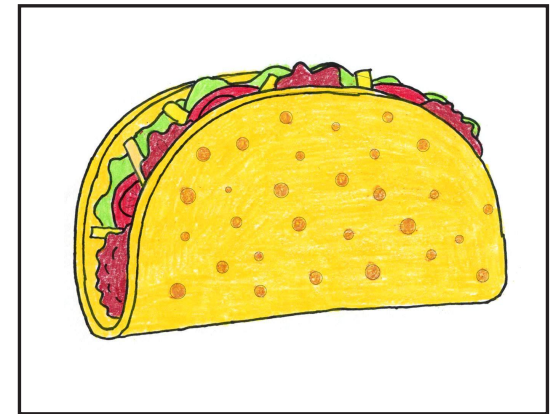

6. Continue with more of these shapes.

7. And finish at the edge. Erase lines inside shapes.

8. Lightly draw random circles on the shell.

9. Trace all except the circles with marker, color.
