

How to Paint Like Autistic Artist Matthew Wong

1. Paint waves of color on mixed media paper. This example was made with tempera cake paints.

2. Tear some strips of drawing paper, making sure they have torn edges on both sides. Spread back side very generously with a glue stick and apply to painting.

3. Mix gray by making a very watery black. Brush on one side of the trees to make a shadow.

4. Use a small brush to paint small black lines on the trees. Option: Add yellow dots with a yellow china marker.
