

How to Draw an Easy Elephant

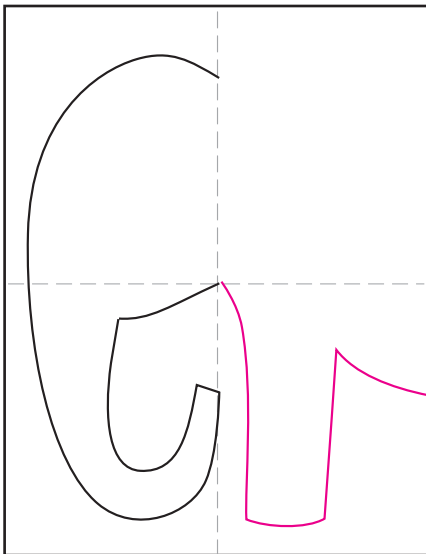

1. Start with a large curve shape.

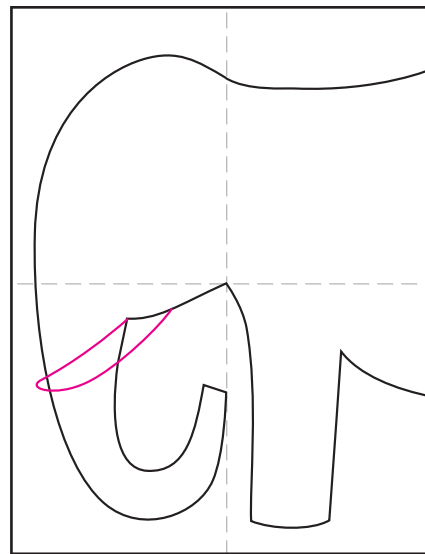

2. Draw the other side of the trunk.

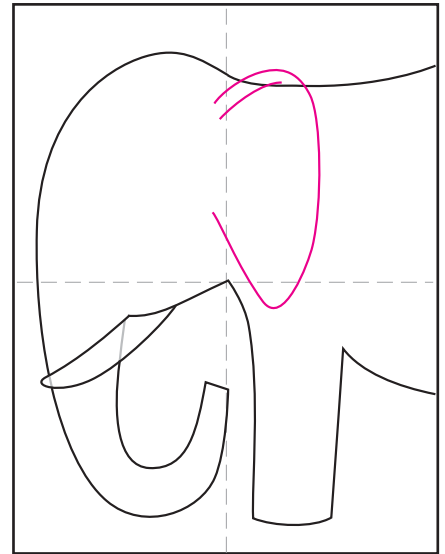

3. Add the back line on top.

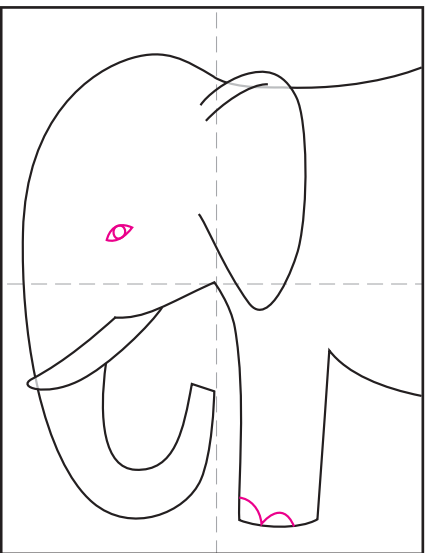

4. Draw the front leg and belly.

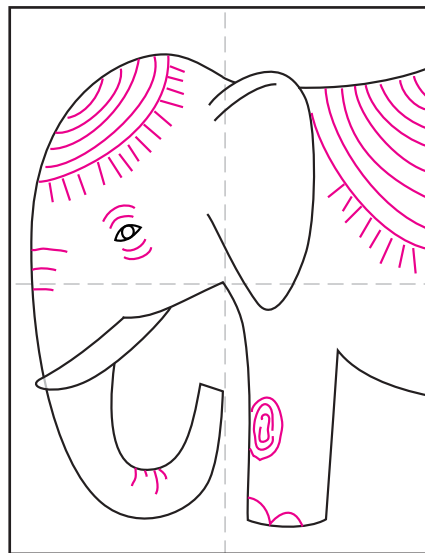

5. Draw the tusk shape.

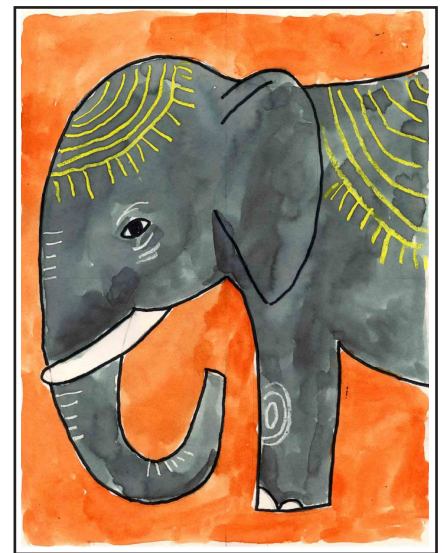

6. Erase inside tusk, add an ear.

7. Erase inside ear, draw an eye. Trace the drawing with a permanent marker.

8. If painting, then add wrinkles with a white crayon, decorations with others.

9. Cover all with watercolor paint. A watery black makes a good gray.
