

# Make a Mosaic Bean Tile

1. Draw a swirl with a pencil on corrugated cardboard.

2. Trace with craft glue, slide black beans in place. Let dry.

3. Add a line of glue to the side. Slide split green peas in place. Work in sections, and continue until the outline is done.

4. Working in sections, cover the background with glue.

5. Sprinkle carefully with red lentils.

6. Tap down to secure, repeat until the background is complete.
